Reasons, Mary Farrell
Presentation By: Brian Laird

Background Information: The U.S. Department of Justice (DOJ) Bulletproof Vest Partnership (BVP) Grant Program, an online application, provides a maximum 50-percent reimbursement for the purchase of body armor for police. The National Institute of Justice, the research, development and evaluation agency of the United States Department of Justice, sets the only nationally accepted standards for body armor worn by law enforcement officers. NIJ recognizes an industry standard of a five-year life span on body armor. The Department of Justice BVP also recognizes a five-year life span on body armor. In light of these industry standards and endorsements by the preeminent law enforcement agencies, the Paducah Police Department follows a five-year replacement plan for body armor worn by law enforcement officers. The Police Department is requesting funding for 21 body armor vests for a total cost of \$17,178. The cost per vest on the state contract price is \$818. This grant requires a 50-percent match; therefore, the Police Department will request \$8,589 from the BVP program and provide \$8,589 from FY26 operating funds.

Background Information: The proposed ordinance amends Chapter 14 of the Paducah Code of Ordinances to prohibit the sale of dogs and cats by retail pet stores and in public places within city limits. This measure is designed to address concerns about the sourcing of animals from large-scale commercial breeding operations, commonly known as “puppy mills” and “kitten mills,” where inhumane breeding practices often result in poor health, unsanitary conditions, and a lack of proper care. The ordinance aims to protect both animal welfare and consumers from the deceptive and harmful practices associated with such breeding facilities.

Under the ordinance, retail pet stores will no longer be permitted to sell or offer for sale dogs or cats of any age. However, stores may partner with animal shelters or qualifying rescue organizations to provide adoption space for animals in need, provided that the store does not own the animals or receive compensation from adoptions. It will also be unlawful for any person to sell or offer dogs or cats for sale in public areas such as streets, parks, markets, and parking lots, with exceptions for licensed shelters, rescue groups, or educational exhibitions such as 4-H programs or county fairs.

Violations of the ordinance will result in fines of \$500 per offense, with each day of continued violation considered a separate offense. The intent of this legislation is to reduce animal cruelty, protect consumers, encourage adoption of shelter animals, and lessen the financial and operational burdens placed on local animal welfare organizations and taxpayers.

ORDINANCE NO. 2025-_____-_____

AN ORDINANCE AMENDING THE CODE OF ORDINANCES OF THE CITY OF PADUCAH, KENTUCKY, TO ADD THERETO A SECTION PROHIBITING THE SALE OF DOGS AND CATS BY RETAIL PET STORES AND IN PUBLIC PLACES

WHEREAS, current regulations do not properly address the sale of puppy and kitten mill dogs and cats, both in and out of pet stores; and

WHEREAS, a significant number of puppies and kittens sold at pet stores come from large-scale, commercial breeding facilities where the health and welfare of the animals are not adequately provided for ("puppy mills" and "kitten mills," respectively); and

WHEREAS, the documented abuses endemic to puppy and kitten mills include over-breeding; inbreeding; minimal to non-existent veterinary care; lack of adequate and nutritious food, water, and shelter; lack of socialization; lack of adequate space; and lack of adequate exercise; and

WHEREAS, puppies produced in puppy and kitten mills often have health and behavioral issues, which many consumers are unaware of when purchasing animals due, in part, to misleading sales tactics of pet stores. These health and behavioral issues can impose exorbitant financial and emotional costs on consumers; and

WHEREAS, according to the Journal of the American Medical Association and the Centers of Disease Control, antibiotic-resistant *Campylobacter* infections linked to pet store puppies pose a public health threat, have been circulating for at least 10 years, and continue to cause illness among pet store customers and staff; and

WHEREAS, prohibiting the retail sale of puppies and kittens is likely to decrease the local demand for puppies and kittens bred in puppy and kitten mills, and is likely to increase demand for animals from animal shelters and rescue organizations; and

WHEREAS, prohibiting the retail sale of puppies and kittens will likely reduce local pet overpopulation and thus the burden on such agencies and financial costs on local taxpayers; and

WHEREAS, prohibiting the retail sale of dogs and cats will help protect local consumers from misinformation and a lack of information about the source and health of dogs and cats provided by retail pet stores; and

WHEREAS, this Ordinance will not affect consumers' ability to obtain a dog or cat of their choice directly from a shelter, rescue, or responsible breeder; and

WHEREAS, the City of Paducah Board of Commissioners believes it is in the best interest of the City to adopt reasonable regulations to reduce costs to Paducah and its residents, protect local residents who may purchase dogs or cats from a pet store, help prevent inhumane breeding conditions, promote community awareness of animal welfare, and foster a more humane environment in Paducah.
