DISCUSSION:

Public Information Officer Pam Spencer offered the following summary of the Discussion concerning reopening playgrounds and basketball courts:

Discussion About Reopening Playgrounds, Splashpads, and Basketball Courts

“The Paducah Board of Commissioners and Parks & Recreation Department Director Mark Thompson discussed the reopening of playgrounds, splashpads, and basketball courts. In mid-March, the City restricted access to those parks amenities in an effort to reduce the spread of the coronavirus as recommended by State and federal guidelines and Governor Beshear’s March 19 Executive Order prohibiting mass gatherings.

Thompson said he participated in a meeting today with the Centers for Disease Control and Prevention along with the National Recreation and Park Association to discuss recommendations for reopening playgrounds. The recommendations include a thorough initial cleaning since playgrounds have been closed for months and then daily disinfecting. Other guidelines include proper signage that would include safety recommendations and the maximum capacity of children based upon the playground’s square footage. Another guideline includes the placement of hand sanitizing stations next to the playgrounds. Thompson hopes to be able to announce the reopening of Paducah’s playgrounds in early July.

Regarding the Robert Coleman Sprayground and the splashpad at the Pat & Jim Brockenborough Rotary Health Park, the Parks staff is working on getting the mechanical components and signage ready to reopen those two facilities in mid-July.

At this time, Thompson says he has not received enough guidance from federal and state authorities on how to safely reopen the public basketball courts. He has asked the Purchase District Health Department to gather information from the State.”

**DECLARATION OF TRUST
AND
TRUST PARTICIPATION AGREEMENT
FOR THE
KENTUCKY LEAGUE OF CITIES
WORKERS' COMPENSATION TRUST**

This Declaration of Trust and Trust Participation Agreement (Agreement) is made and entered into by and between the Kentucky League of Cities Insurance Services (the "KLCIS") an unincorporated, nonprofit association with its principal place of business located at 100 East Vine Street, Suite 800, Lexington, Kentucky 40507, and such cities, urban-county governments, and other municipal boards, agencies, and authorities, which become members of the KLCIS and participants in the Kentucky League of Cities Workers' Compensation Trust.

WITNESSETH:

WHEREAS, various cities, urban-county governments, and municipal boards, agencies, and authorities within the Commonwealth of Kentucky have duly established the KLCIS as a legal and administrative entity through the Interlocal Agreement to Establish the Kentucky League of Cities Insurance Services (Interlocal Agreement), as authorized by Sections 65.210 to 65.300, inclusive, of the Kentucky Revised Statutes (KRS); and

WHEREAS, the KLCIS has been delegated and may exercise various powers and authorities, including the power to create and administer for the benefit of its members a Workers' Compensation Trust (the "Trust"), whereby the participating members join together in a workers' compensation self-insurance group as authorized by KRS 342.350(4); and

WHEREAS, the KLCIS Articles of Association and Bylaws, which have been ratified and accepted by each of the members, require each member, as a condition of participation in the Trust, to execute a binding trust participation agreement which sets forth the authorities, rights, duties, and liabilities of the participating member and the KLCIS with respect to the operation of the Trust.

NOW, THEREFORE, in consideration of the premises stated, the mutual covenants and obligations herein contained, and the mutual benefits to be derived by each party, the parties hereto covenant and agree as follows:

SECTION 1. DECLARATION OF TRUST. The Trust shall be operated by the KLCIS Board of Trustees as agent and representative of the participating members of the Trust. The Trust shall be a nonprofit entity. It shall consist of funds collected from the participating members and interest earned on the investment of such funds. All funds collected from the participating members, including all interest earned on any investments, shall be held and used solely for the benefit of the participating members and solely for purposes related to the operation of the Trust as a workers' compensation self-insurance group. All funds collected and

held by the Trust, including any interest earned on investments, which are not paid for administrative expenses, or paid or reserved for payment for workers' compensation benefits and related expenses, shall accrue to the benefit of and remain the property of the participating members. The Trust funds may be returned to the participating members in the form of dividends, or a reduction of contributions, charges, or assessments for future years, at the discretion of and in accordance with a plan adopted by the KLCIS Board of Trustees, which plan shall be consistent with any applicable state laws or regulations and this Agreement.

SECTION 2. MEMBERSHIP. Only those cities, urban-county governments, and other public agencies and political subdivisions of the Commonwealth which are members of the KLCIS shall be eligible to participate in the Trust. The KLCIS Board of Trustees shall be the sole judge as to whether any member of the KLCIS shall be allowed to participate in the Trust. The KLCIS Board of Trustees shall not accept as a member of the Trust, any employer that does not have a net worth at least two (2) times its estimated annual assessment, unless the employer pays its full annual assessment in advance. The KLCIS Board of Trustees shall not accept as a member of the Trust any employer that does not meet all other qualifications for membership, as set forth in the KLCIS bylaws. All new members of the Trust shall meet all the requirements of an original member.

SECTION 3. COMPLIANCE WITH LAWS AND TRUST REGULATIONS. Each participating member agrees that it will at all times abide by the terms of the Interlocal Agreement; the KLCIS Articles of Association and Bylaws; this Declaration of Trust and Trust Agreement; the provisions of the Kentucky Worker's Compensation Act; the Kentucky Revised Statutes, Chapter 304, Subtitle 50; the rules and regulations of the Kentucky Worker's Compensation Board and the Office of Insurance; any other applicable regulations or statutes; or the rules, regulations, standards, procedures and decisions of the KLCIS Board of Trustees for operation of the Trust.

SECTION 4. TERMINATION OR SUSPENSION OF MEMBERSHIP. The KLCIS Board of Trustees shall have the authority to terminate or suspend a member's participation in the Trust for any failure to abide by the Interlocal Agreement; the KLCIS Articles of Association and Bylaws; this Declaration of Trust and Trust Agreement; the provisions of the Kentucky Worker's Compensation Act, the Kentucky Revised Statutes, Chapter 304, Subtitle 50; the rules and regulations of the Kentucky Workers' Compensation Board and the Office of Insurance; any other applicable regulations or statutes; or the rules, regulation, standards, procedures or decisions of the KLCIS Board of Trustees for operation of the Trust. A member may also be terminated or suspended for failure to timely pay any annual or supplementary contribution established by the Board of Trustees; or for any other action or omission deemed by the Board of Trustees to be detrimental to the fiscal soundness or efficient operation of the Trust, including, but not limited to an adverse claims experience or lack of cooperation with safety and loss prevention policies adopted by the Board of Trustees.

Before terminating or suspending any member's participation in the Trust, the Board of Trustees shall give the member and the Office of Workers' Claims at least thirty (30) days notice of the termination or suspension. However, if termination is for failure of the member to pay the premium or assessments due, the Board of Trustees shall give the member and the Executive Director of the Office of Insurance ten (10) days advance notice of such

termination. In the case of a termination or suspension for any reason other than the nonpayment of contributions, the notice of termination or suspension shall inform the participating member that a hearing may be requested before the Board of Trustees. In the event of a termination or suspension for nonpayment of contributions, the member shall have no right to a hearing. All terminations or suspensions shall be effective as of the date and upon the terms and conditions specified by the Board of Trustees in its notice of termination or suspension, or as otherwise determined by the Board after a hearing.

The Trust and its remaining participating members shall incur no liability as a result of any act or acts of a former member occurring after the effective date of the termination or suspension, except as may be provided in this Agreement.

After termination or suspension, the former member shall remain fully liable for its proportionate share of all claims against the Trust which were created or arose during the time the former member was a participating member, including its proportionate share of any expenses assignable to the period the former member was a participating member, and for any costs, including reasonable attorneys fees, incurred by the Trust to collect such amounts from the former member.

SECTION 5. INDIVIDUAL MEMBER WITHDRAWAL. SECTION 7. FUNDING OF THE TRUST. The Trust shall be financed through the annual and supplementary contributions established by the Board of Trustees and paid by the participating members and through income earned from the investment of Trust funds. All annual and supplementary contributions shall be computed and established by the Board of Trustees based on actuarial evaluations, rating plans, and other analyses of the amounts necessary for the payment of claims, the payment of premiums for insurance, excess insurance, and bonds, the payment of principal and interest on any debt incurred to operate the Trust, the establishment and maintenance of reserves, and the payment of any and all expenses of the Trust reasonably and lawfully incurred.

The Board of Trustees shall notify each participating member of the amount of each annual or supplementary contribution at least thirty (30) days in advance of the due date. Each participating member agrees to timely pay, in accordance with Kentucky Revised Statutes Chapter 304, Subtitle 50, Section 055 and/or any rules for payment established by the Board of Trustees, all annual and supplementary contributions established by the Board of Trustees and agrees that the failure to timely pay any contributions due may, at the discretion of the Board of Trustees, result in the immediate termination or suspension of the participating member. Ten (10) days advance notice of such termination or suspension shall be given to the member and the Executive Director of the Office of Workers' Claims.

SECTION 8. INDEMNITY AGREEMENT. The participating members of the Trust will jointly and severally assume and discharge any lawful awards allowed under the Kentucky Worker's Compensation Act against any member of the Trust, which awards shall have been sustained by the court where an appeal by either party has been taken. The participating members of the Trust shall be jointly and severally liable to pay premiums and assessments established by the Board of Trustees, based upon appropriate classifications and rates, into a designated cash reserve fund out of which lawful claims, awards, and expenses shall be paid.

SECTION 9. USE OF TRUST FUNDS. All contributions and assessments paid to the Trust by the participating members and all earnings from the investment of those funds shall accrue to the benefit of and shall be the property of the participating members. No funds of the Trust shall be expended for any purpose other than the payment of claims and related expenses, the establishment of reasonable reserves, the payment of principal and interest on any debt incurred to fund the operations of the Trust, and the payment of any and all reasonable and necessary expenses incurred to operate the Trust. No funds of the Trust may be borrowed by any member or any other person, including the Board of Trustees and service agents. The Board of Trustees shall be obligated to return any surplus funds to the participating members, but only at such times and upon such terms and conditions as may be determined by the Board of Trustees in accordance with this Agreement, the KLCIS Articles of Association and Bylaws, and any applicable state laws or regulations.

SECTION 10. INVESTMENT OF TRUST FUNDS. All funds of the Trust which are not needed to pay current obligations shall be invested by, or at the direction of, the Board of Trustees in accordance with the requirements set forth in the Kentucky Revised Statutes, Chapter 304, Subtitle 50, Section 055.

SECTION 11. CALCULATION AND DISTRIBUTION OF SURPLUS FUNDS.

Subject to the limitations imposed in this section and elsewhere in this Agreement, the Board of Trustees, in its sole discretion, may make periodic distribution of surplus funds. For purposes of this section, the term "surplus funds" shall have the same meaning as the term is defined in Kentucky Revised Statutes, Chapter 304, Subtitle 50, Section 015 (35). The Board of Trustees shall have the authority to decide when the distribution of surplus funds is to be made, the fiscal year(s) to which the distribution is applicable, the amount to be distributed, and the basis for the distribution. Participating members shall be eligible to receive distributions of surplus funds, but only in accordance with the provisions of this Agreement and the formula for distribution adopted by the Board of Trustees. No distribution of surplus funds attributable to any fiscal year shall be made sooner than thirty-six (36) months after the expiration of that fiscal year. Members having withdrawn from the Trust shall be eligible to receive a portion of the distribution of surplus funds, if any, in accordance with the dividend plan established by the Board of Trustees. In addition, no distributions made under a dividend plan shall be disbursed unless the Trust has notified the Executive Director of the Office of Insurance of its intent to make a dividend payment at least thirty (30) days prior to the payment, and the Executive Director of the Office of Insurance has not disapproved the payment within that time.

Dividends shall be paid or credited to members according to the reasonable classifications established by the Trustees and shall not unfairly discriminate between members of the same classification. The Board of Trustees shall calculate each participating member's proportionate share of surplus funds in accordance with a written formula adopted by the Board of Trustees. The formula shall be structured to support and foster the purposes and objectives for which the Trust was created. The formula may include any factors which, in the discretion of the Board of Trustees, reflect the purposes and objectives of the Trust, including, but not limited to: individual member loss experience; individual member contributions relative to total contributions; and the duration of Trust participation. The formula adopted by the Board of Trustees may provide that a failure to comply with risk management standards or recommendations, or the existence of a specified loss-to-contributions ratio shall disqualify a participating member from receiving all, or a specified portion, of the participating member's share of the surplus funds.

As an alternative to the payment of direct dividends, the Board of Trustee may elect to use all or any portion of the surplus funds attributable to any fiscal year to reduce the contributions otherwise payable by the participating members for subsequent fiscal years. Any participating member may elect to have the distribution of its proportionate share of surplus funds applied as a credit against future contributions.

SECTION 12. EXCESS INSURANCE. The Board is authorized to obtain reinsurance or excess insurance coverage in such specific and aggregate amounts and with such limits and retentions as the Board of Trustees may deem necessary and as may be required by Kentucky Administrative Regulations, Title 806, Chapter 52, Section 020; Kentucky Revised Statutes, Chapter 304, Subtitle 50, Section 120; and any other applicable laws or regulations to protect the financial solvency of the Trust.

SECTION 13. BONDS, SECURITY DEPOSITS & OTHER FUNDING SOURCES. The Board is further authorized to obtain other insurance, letters of credit, lines of credit, fidelity bonds or other funding sources from approved financial institutions which, in the

judgment of the Board, may be necessary or desirable in order to furnish additional security and resources for the payment of claims, losses, and expenses covered by the Trust in excess of the contributions paid by the participating members or to establish and maintain necessary reserves, or which may be required by Kentucky Revised Statutes, Chapter 304, Subtitle 50, Section 045; Kentucky Revised Statutes, Chapter 304, Subtitle 50, Section 050 (1) and (2); and any and all other applicable statutes or regulations.

SECTION 14. BOARD OF TRUSTEE REPORTS. The Board of Trustees shall be required to make the following reports:

- a. The Board of Trustees shall utilize the services of an independent certified public accountant to conduct an annual audit of the Trust and shall file a copy of the audit with the Office of Insurance within 120 days of the end of each fiscal year of the Trust.
- b. Within 120 days of the end of each fiscal year of the Trust, the Board of Trustees may, upon request, furnish participating members of the Trust with a statement setting forth all premiums, losses, and expenses, and the allocation of assessments and the distribution of dividends among the Trust members.
- c. The Board of Trustees shall utilize the services of a qualified actuary to provide an actuarial opinion and a supporting reserve study regarding reserves for known claims and expenses associated with such claims and shall file a copy of the opinion and reserve study with the Office of Insurance within 120 days of the end of each fiscal year of the Trust.
- d. The Board of Trustees shall file all other reports as may be required by Kentucky Revised Statutes, Chapter 304, Subtitle 50, Section 060; Kentucky Revised Statutes, Chapter 304, Subtitle 50, Section 110; and any other applicable laws and regulations.

SECTION 15. MEMBER REPORTS. Each participating member shall annually, upon request by the Trust or its agents, prepare and submit a report of actual payrolls for the preceding fiscal year and/or make available payroll records to the Board of Trustees or its agents. The reports shall be prepared in accordance with the rules and classifications adopted by the Board of Trustees. The willful failure of any participating member to properly and timely report its actual payrolls may, in the discretion of the Board of Trustees, result in the immediate termination or suspension of the member from participation in the Trust.

SECTION 16. RISK MANAGEMENT. The Board of Trustees, or its designated service company, shall develop and implement a risk management program designed to minimize the workers' compensation liability of the participating members. The participating members shall follow the risk management recommendations of the Board of Trustees and its service company, and adopt the loss reduction and prevention procedures established by the Board of Trustees. However, the participating members shall be solely responsible for all decisions regarding the implementation and conduct of their loss prevention programs and practices, and in no event shall the Board of Trustees or its service company bear any liability with respect to the implementation or conduct of loss prevention programs or practices by

the participating members.

SECTION 17. COLLECTION OF PREMIUM AND ASSESSMENTS RELATED TO MEMBER PARTICIPATION IN KACo-KLC WORKERS' COMPENSATION SELF-INSURANCE FUND. To the extent that any of its participating members have an obligation to pay premiums or assessments as a result of the member's previous participation in the KACo-KLC Workers' Compensation Self-Insurance Fund (KACo-KLC), and in the event of a failure or inability by the Board of Directors of KACo-KLC to collect premium contributions or assessments sufficient to pay or reserve all obligations which arose out of injuries or occupational disease which occurred prior to July 1, 1993, then the Board of Trustees will assume secondary responsibility to collect additional premiums and assessments from those of its participating members which are obligated to pay such premiums or assessments to assist the Board of Directors of KACo-KLC to fulfill its responsibilities.

SECTION 18. APPOINTMENT OF BOARD OF TRUSTEES AS AGENT AND ATTORNEY-IN-FACT. Each member hereby appoints the KLCIS Board of Trustees to act as its agent and attorney-in-fact for the purpose of executing and delivering all contracts, agreements, reports, and other instruments, and for the purpose of taking all other actions necessary for the proper operation and administration of the Trust.

SECTION 19. DOCUMENTS INCORPORATED BY REFERENCE. The KLCIS Articles of Association and Bylaws and any rules and regulations adopted by the Board of Trustees are hereby incorporated by reference into and made a part of this Agreement. The parties hereto shall be bound by the terms of those documents as well as the terms of this Agreement.

SECTION 20. BINDING NATURE OF THE AGREEMENT. This Agreement and the terms of any documents incorporated herein by reference shall constitute a binding contract between KLCIS and each city, urban-county government, and other public agency and political subdivision of the Commonwealth which may become a party hereto.

SECTION 21. INTERPRETATION. This Agreement shall be governed and construed in accordance with the laws of the Commonwealth of Kentucky.

SECTION 22. SEVERABILITY. If any provision of this Agreement is held to be in conflict with any applicable statute or regulation, or is otherwise held to be unenforceable, the invalidity of the provision shall not affect any or all of the remaining provisions of this Agreement.

SECTION 23. AUTHORIZATION OF SIGNATURE PAGES. This Agreement may be executed in any number of counterparts, each of which shall be an original.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be approved

and executed by the undersigned proper and duly authorized representatives of the parties as of the date indicated below.

**TRUST PARTICIPATION AGREEMENT
FOR THE
KENTUCKY LEAGUE OF CITIES INSURANCE SERVICES
GENERAL INSURANCE TRUST**

This TRUST PARTICIPATION AGREEMENT (the "Trust Agreement") is made and entered into by and between the KENTUCKY LEAGUE OF CITIES INSURANCE SERVICES (the "KLCIS"), an unincorporated, nonprofit association with its principal place of business located at 100 East Vine Street, Suite 800, Lexington, Kentucky 40507, and such cities, urban-county governments and other public agencies and political subdivisions, members of the KLCIS and signatories hereto.

WITNESSETH:

WHEREAS, various cities, urban-county governments, and other public agencies and political subdivisions of the Commonwealth of Kentucky have duly established the KLCIS as a legal and administrative entity through the INTERLOCAL AGREEMENT TO ESTABLISH THE KENTUCKY LEAGUE OF CITIES INSURANCE SERVICES (the "Interlocal Agreement"), as authorized by sections 65.210 to 65.300, inclusive, of the Kentucky Revised Statutes ("KRS"); and

WHEREAS, the KLCIS has been delegated and may exercise various powers and authorities, including the power to create and administer for the benefit of its members a GENERAL INSURANCE TRUST (the "Trust"), whereby the participating members pool their funds in order to provide self-insurance and/or third-party insurance against various public liability exposures, including, but not limited to, general, professional and auto liability, and related claims; and

WHEREAS, the KLCIS Articles of Association and Bylaws, which have been ratified and accepted by each of the members, require each member, as a condition of participation in the Trust, to execute a binding trust participation agreement which sets forth the authorities, rights, duties and liabilities of the participating member and the KLCIS with respect to the operation of the Trust.

NOW, THEREFORE, in consideration of the premises stated, the mutual covenants and obligations herein contained, and the mutual benefits to be derived by each party, the parties hereto covenant and agree as follows:

SECTION 1. MEMBERSHIP. Only those cities, urban-county governments and other public agencies and political subdivisions of the Commonwealth that are members of the KLCIS shall be eligible to participate in the Trust. The KLCIS Board of Trustees shall be the sole judge as to whether any member of the KLCIS shall be allowed to participate in the Trust. Each participating member agrees that at all times it will abide by the terms of the Interlocal Agreement, the KLCIS Articles of Association and Bylaws, the terms of this Trust Agreement and all rules, regulations, standards and procedures adopted by the Board of Trustees.

SECTION 2. TERMINATION OF TRUST PARTICIPATION. The Board of Trustees shall have the authority to terminate member's participation in the Trust for any failure to abide by the terms of the Interlocal Agreement, the KLCIS Articles of Association and Bylaws, the terms of this Trust

Agreement, or any rules, regulations, standards or procedures adopted by the Board; for failure to timely pay any annual or supplementary contributions established by the Board; or for any other action or omission that is deemed by the Board to be detrimental to the fiscal soundness or efficient operation of the Trust, including, but not limited to, an unfavorable loss experience.

Before terminating any member's participation in the Trust, the Board shall give the member at least thirty (30) days written notice of the termination. In the case of a termination or any reason other than the non-payment of contributions, the notice of termination shall inform the participating member that a hearing may be requested. In the event of a termination for non-payment of contributions, the member shall have no right to a hearing. All terminations shall be effective as of the date and upon the terms and conditions specified by the Board in its notice of termination or as otherwise determined by the Board after a hearing.

The Trust and its remaining participating members shall incur no liability as a result of any act or acts of a former member occurring after the effective date of the termination, except as may be provided in this Trust Agreement.

After termination, the former member shall remain fully liable for its proportionate share of all claims against the Trust which were created or arose during the time the former member was a participating member, and for any costs, including reasonable attorneys fees, incurred by the KLCIS to collect such amounts from the former member.

SECTION 3. MEMBER WITHDRAWAL. Any participating member may withdraw from participation in the Trust after sixty (60) days written notice to the Board; provided that the withdrawing member has discharged all of its obligations to the Trust. The Board shall send a written acknowledgment of the withdrawal to the withdrawing member. Upon withdrawal, the former member shall remain fully liable for its proportionate share of all claims against the Trust which were created or arose during the period the former member was a participating member of the Trust, including its proportionate share of any expenses of the Trust assignable to the period the former member was a participating member, and any costs, including reasonable attorneys fees, incurred by the KLCIS to collect such amounts from the former member.

SECTION 4. FUNDING OF THE TRUST. The Trust shall be financed through the annual and supplementary contributions established by the Board of Trustees and paid by the participating members, through the income earned from the investment of Trust funds by the Board, and through any other moneys which may be lawfully received by the Board and made a part of the Trust's assets. All annual and supplementary contributions shall be computed and established by the Board based on actuarial evaluations, ratings plans, and other analyses of the amounts necessary for the payment of claims and losses, the payment of premiums for insurance and excess or re-insurance, the payment of the principal of, premium, if any, and interest on any revenue bonds which may be issued and sold or other debt which may be incurred to fund the operations of the Trust as authorized by Section 5 of the Interlocal Agreement, the establishment and maintenance of reasonable reserves and the payment of any and all expenses of the Trust reasonably and lawfully incurred, including any expenses related to the issuance of revenue bonds or the incurrence of other debt to fund the operations of the Trust.

The Board shall certify to each participating member the amount of each annual or supplementary contribution at least thirty (30) days in advance of the due date. Each participating member agrees to timely pay all annual and supplementary contributions established by the Board. Any delinquent payments shall be paid with interest calculated from the date of delinquency to the date of payment at a

rate equal to the highest annual interest rate at which any of the funds of the Trust are invested on the date the payment became past due.

SECTION 5. ANNUAL AND SUPPLEMENTARY CONTRIBUTIONS. In order to become and remain a participating member of the Trust, each member shall make and hereby agrees to make an annual contribution to the Trust. The amount of the annual contribution to be paid by each participating member shall be established by the Board based on the criteria set forth in Section 4 above and such other criteria as the Board in its discretion may establish in order to ensure the solvency of the Trust and an equitable distribution of costs, and to promote the purposes and objectives of the KLCIS and the Trust. If, in the opinion of the Board, the assets of the Trust are at any time in any fiscal year insufficient to enable the Trust to discharge its legal liabilities and other obligations and to maintain required reserves, the Board shall have the right to adopt a plan for the elimination of such deficit, which plan may include the establishment of supplementary contributions to be paid by each member which participated in the Trust during any part of the fiscal year to which the deficit is assignable. Supplementary contributions shall be computed and established by the Board in the same proportion that the annual contribution of the individual member bears to the total annual contributions of all members the year in which such deficit occurs. Prior to the beginning of each fiscal year, the Board shall, by resolution, establish the maximum amount of supplementary contributions that members may be required to make for the ensuing fiscal year. All supplementary contributions shall be due and payable by each member when notice of the supplementary contribution is received and shall be delinquent thirty (30) days thereafter.

SECTION 6. SCOPE OF COVERAGE. The extent (terms, conditions and exclusions) of the insurance coverage afforded to each participating member by the Trust shall be set forth in an insurance policy document (the "Coverage Certificate"), which shall be approved by the Board and issued to each participating member. The Trust shall pay from Trust assets all claims and losses of the participating members, exclusive of any applicable deductible amounts, which are incurred during the period of membership and which are covered under the terms and conditions of the Coverage Certificate. The Board shall establish the types and monetary levels of coverage for which the Trust shall indemnify its participating members, including provisions for levels of coverage (deductibles) for which the participating members shall be individually responsible. The types and levels of coverage may vary according to population classification, the mutual agreement of the Board and a participating member, or such other criteria as may be established by the Board. The Coverage Certificate may be amended from time to time by the Board to protect the financial solvency of the Trust or to reflect the desires of the participating members; provided that the participating members shall be notified in writing at least thirty (30) days in advance of the effective date of any Coverage Certificate amendment.

SECTION 7. REINSURANCE OR EXCESS INSURANCE COVERAGE. The Board is authorized to obtain re-insurance or excess insurance coverage in such specific and aggregate amounts and with such retentions as the Board may deem necessary or as may be required by any law or regulation to protect the financial solvency of the Trust.

The Board is also authorized to obtain other insurance, letters of credit, lines of credit, or other funding facilities from financial institutions, which, in the judgment of the Board, may be necessary or desirable in order to furnish additional security and resources for the payment of claims, losses and expenses covered by the Trust in excess of the contributions paid by the participating members or to establish and maintain necessary reserves.

SECTION 8. USE OF TRUST ASSETS. All assets of the Trust shall be the property of the

participating members. No assets of the Trust shall be appropriated for any purpose other than the following: the payment of covered claims and losses; the payment of all reasonable and lawful expenses of the Trust; the establishment and maintenance of reasonable reserves; the payment of the principal of, premium, if any, and interest on any revenue bonds which may be issued or other debt which may be incurred to fund the operations of the Trust; and the distribution of surplus assets to eligible Trust members in accordance with Section 9 of this Trust Agreement.

SECTION 9. CALCULATION AND DISTRIBUTION OF SURPLUS TRUST ASSETS.

- A. Subject to the limitations imposed in this section and elsewhere in this Trust Agreement, the Board, in its sole discretion, may make periodic distributions of surplus Trust assets. The Board shall have the authority to decide when the distribution of surplus Trust assets is to be made, the fiscal year(s) to which the distribution is applicable, the amount to be distributed, and the basis for the distribution. Participating members shall be eligible to receive distributions of surplus Trust assets, but only in accordance with the provisions of this Trust Agreement and the formula for the distribution of surplus Trust assets adopted by the Board.

No Distribution of surplus Trust assets shall be made sooner than three (3) years from the inception of the Trust. No surplus Trust assets attributable to any fiscal year shall be distributed sooner than twelve (12) months after the end of that fiscal year.

- B. The distributable surplus Trust assets for any fiscal year shall be those Trust assets remaining after:
- (I) payment has been made for all claims, losses and expenses, including principal, interest and premium, if any, on any outstanding revenue bonds or other debt, due and payable in that fiscal year;
 - (II) reasonable reserves have been established for claims previously occurring and reported, and expenses associated therewith;
 - (III) reasonable reserves have been established for claims incurred, but not reported, and expenses associated therewith;
 - (IV) reasonable reserves have been established to secure the payment of the principal of, premium, if any, and interest on any revenue bonds or other debt which may be outstanding;
 - (V) reasonable reserves have been established for future adverse loss deviation and expenses associated therewith; and
 - (VI) reasonable reserves have been established to cover bad debts, unless waived by the Commissioner of the Kentucky Department of Insurance.
- C. The Board shall calculate each participating member's proportionate share of surplus Trust assets in accordance with a formula adopted by the Board. The formula shall be structured so as to support and foster the purposes and objectives for which the trust was created. The formula may include any factors which, in the discretion of the Board, reflect the purposes and objectives of the Trust, including, but not limited to: individual member loss experiences; individual member contributions relative to total contributions; the duration of Trust participation; and the

overall loss experience of the Trust. The formula adopted by the Board may provide that a failure to comply with risk management standards or recommendations, or that the existence of a specified loss-to-contributions ratio, shall disqualify a member from receiving all or a specified portion of the participating member's proportionate share of surplus Trust assets.

- D. No former member shall be entitled to receive any distribution of surplus Trust assets. Surplus Trust assets shall be distributed only to members which are participating members at the time a distribution of surplus Trust assets is declared by the Board.
- E. Any participating member may elect to have the distribution of its proportionate share of surplus Trust assets applied as a credit against future annual or supplementary contributions.

SECTION 10. PARTICIPATING MEMBER'S DUTIES IN THE EVENT OF AN OCCURRENCE, WRONGFUL ACT, CLAIM OR SUIT. In the event of an occurrence, incident, wrongful act, error, omission, or other circumstance which could, without regard to any deductible limits, reasonably be expected to result in a claim or claims against the participating member within the scope of the insurance coverage provided by the Trust, the participating member shall report such occurrence, incident, wrongful act, error, omission, or other circumstance to the claims handling agent designated by the Board in the manner and within the time limit set by the Board or as set forth in the Coverage Certificate.

In the event a claim or suit is brought against the participating member, the participating member shall immediately forward to the claims handling agent designated by the Board a copy of every notice, summons or other legal process received by the participating member.

The participating members shall cooperate fully with the claims handling agent designated by the Board in the investigation of any occurrence, incident, wrongful act, error, omission, or other circumstance which may result in a claim or loss within the scope of the insurance coverage provided by the Trust and shall cooperate fully in the settlement or defense of any claim or suit which may result in a loss within the scope of the insurance coverage provided by the Trust.

SECTION 11. DEFENSE OF CLAIMS. To the extent of the participating member's coverage limit, as set forth in the Coverage Certificate the Trust shall defend in the name of and on behalf of each participating member any suits or other legal proceedings which may at any time be instituted against the participating member involving claims within the scope of the coverage provided by the Trust, even though such suits, other legal proceedings, allegations or demands are considered to be wholly groundless, false or fraudulent, and shall pay all judgments, all costs reasonably incurred in any suit or other legal proceeding defended by the Trust, all interest accruing after entry of judgment, and all expenses incurred for investigation, negotiation or defense pursuant to the direction of the Board.

Except as provided in Section 12 hereof, the Board shall make all final decisions regarding legal defense of claims, including the selection of legal counsel, and shall have absolute and final authority with regard to defense, settlement, and payment of claims. The settlement or payment of any claim or amount by or on behalf of a participating member without the express approval of the Board or its claims handling agent in accordance with Section 12 hereof shall be at the sole cost of the participating member without any reimbursement from the Trust and may be considered grounds for the termination of the member's participation in the Trust.

Each participating member shall cooperate fully in all settlement negotiations and in the defense of

all claims by supplying such information, assistance and authorizations to obtain reports and documents as may be necessary or helpful, in the opinion of the Board or its claims handling agents, to the defense of any claim or to any settlement negotiations.

SECTION 12. AUTHORITY OF MEMBERS TO SETTLE CLAIMS WITHIN DEDUCTIBLE LIMITS. If the claims handling agent designated by the Board agrees in writing that the amount of a claim will not exceed the participating member's deductible limit as set forth in the Coverage Certificate effective for that member, the member may at its option and at its expense, settle the claim and pay the loss and expenses associated with the claim. In such event, the Trust shall bear no part of the cost, fees or any other sums paid or required to be paid as a result of the claim. Prior to settling any claim within the member's deductible limits, the member shall notify the claims handling agent of the claim and all pertinent information relative thereto, including a copy of the proposed final settlement agreement, and shall request authorization in writing from the claims handling agent to settle the claim.

SECTION 13. PAYMENT OF CLAIMS. All claims and losses against participating members shall be paid by the Trust as follows:

- (I) For each fiscal year, claims and losses within the coverage limits retained by the Trust as set forth in the Coverage Certificate shall be paid from and to the extent of the Trust assets for that fiscal year, plus any reserves available and authorized by the Board, including any letter of credit, line of credit, or other funding facility, if any, which may have been procured for the purpose of paying claims and losses within the coverage limits retained by the Trust.
- (II) For each fiscal year, claims and losses in excess of the coverage limits retained by the Trust shall be paid from and to the extent of the reinsurance or excess insurance coverage, if any, in effect for the Trust for that fiscal year, or from and to the extent of any line of credit, letter of credit or other funding facility, if any, which may be in effect to pay claims and losses in excess of the coverage limits retained by the Trust.
- (III) All deductible amounts and the amount of any claims and losses in excess of the coverage limits provided by the Trust shall be the sole obligation of and shall be paid by the participating member liable therefor.

SECTION 14. REIMBURSIBLE DEDUCTIBLE. In the event the Trust pays any deductible amount on behalf of a participating member, the participating member shall reimburse the Trust therefor within thirty (30) days of receipt of written notice from the Trust that such deductible amount has been paid by the Trust. If the deductible amount for which the participating member is liable is not paid to the Trust within (30) days from the date notice is received, the amount due shall be deemed delinquent and shall bear interest from the date of delinquency until paid at a rate equal to the highest annual rate at which any of the Trust's funds are invested on the date of delinquency.

SECTION 15. SUBROGATION. In the event of the payment of any claim or loss by the Trust under this Trust Agreement and the Coverage Certificate issued by the Trust, the Trust shall be subrogated to the extent of such payment to all the rights of the participating or former member against any person or other entity legally responsible for such claim or loss; and in that event, the participating or former member shall render all reasonable assistance, other than monetary contributions, to effect recovery. To the extent the Trust utilizes any line of credit, letter of credit or other funding facility to secure payment of or to pay any claim or loss, the Trust may assign its rights to subrogation to the

financial institution which issued the line of credit, letter of credit or other funding facility.

SECTION 16. INSPECTION OF MEMBER'S FACILITIES AND RECORDS. The Board, the Trust Administrator, and any service agent of the Trust and any of their agents or employees shall be permitted at all reasonable times to inspect the real and personal property of the participating members and shall be permitted at all reasonable times and for a period of five (5) years after the termination of a member's participation in the Trust to examine the former member's books, records, vouchers, contracts and other documents of any and every kind which relate to the operation of the Trust and the former member's participation in the Trust.

SECTION 17. RISK MANAGEMENT. The Board or its designated service agent shall develop a risk management program and provide risk management services to the participating members designed to minimize liability and property damage risks and control losses. The participating members shall follow the general recommendations of the risk management program developed by the Board and its service agents and adopt the loss reduction and prevention procedures established by the Board. However, the participating members shall remain solely responsible for all decisions concerning their safety programs and practices and may not rely upon evaluations and/or recommendations made by the Board or its service agents in making final decisions concerning safety programs and practices.

SECTION 18. APPOINTMENT OF BOARD OF TRUSTEES AS AGENT AND ATTORNEY-IN-FACT. Each member hereby appoints the KLCIS Board of Trustees to act as its agent and attorney-in-fact for the purpose of executing and delivering all contracts, agreements, reports, and other instruments, and for the purpose of taking all other actions necessary for the proper operation and administration of the Trust.

SECTION 19. LIABILITY OF PARTICIPATING MEMBERS. No member by reason of its participation in the Trust shall be liable to the Trust or to any other member, except for the payment of the annual and supplementary contributions established by the Board in accordance with this Trust Agreement and other Trust documents.

SECTION 20. DOCUMENTS INCORPORATED BY REFERENCE. The KLCIS Articles of Association and Bylaws and any rules and regulations adopted by the Board are hereby incorporated by reference into and made a part of this Trust Agreement. The parties hereto shall be bound by the terms of those documents as well as the terms of this Trust Agreement.

SECTION 21. BINDING NATURE OF THE AGREEMENT. This Agreement and the terms of any documents incorporated herein by reference shall constitute a binding contract between the KLCIS of each city, urban-county government, and other public agency and political subdivision of the Commonwealth which may become a party hereto.

SECTION 22. INTERPRETATION. This Agreement shall be governed and construed in accordance with the laws of the Commonwealth of Kentucky.

SECTION 23. SEVERABILITY. If any provision of this Trust Agreement is held to be in conflict with any applicable statute, rule of law or is otherwise held to be unenforceable, the invalidity of such provision shall not affect any or all of the remaining provisions of this Trust Agreement.

SECTION 24. AUTHORIZATION OF SIGNATURE PAGES. This Trust Agreement may be executed in any number of counterparts, each of which shall be an original.

IN WITNESS WHEREOF, the parties hereto have caused this Trust Agreement to be executed by the undersigned proper and duly authorized representatives of the parties as of the date indicated below.

Short Title: Authorizing the agreement with Data Records Management Services to perform the Police Department digitization project that is being funded by the KDLA Local Records Program Grant in the amount \$33,529 - **B LAIRD**

Category: Municipal Order

Staff Work By: Ty Wilson

Presentation By: Brian Laird

Background Information: The Kentucky Local Records Branch provides records management assistance to more than 2,900 local government agencies in the Commonwealth. The Paducah Police Department has been awarded a Kentucky Department of Libraries and Archives (KDLA) grant in the amount of \$33,529 to digitize approximately 54 boxes of felony case files that state law requires to be stored for 80 years. The size of the boxes and files has created a lack of storage space and accessibility issues and digitizing them will allow for easier access to the file information. The work to scan and digitize the files was competitively bid according to the city's and KDLA's guidelines. The KDLA chose Data Records Management Services, Inc as the vendor to complete the project. The City will enter into a contract with DRMS. The amount of the contract will be fully funded by the KDLA grant funds.

§ 3.2.7 The Architect shall submit the Schematic Design Documents to the Owner, and request the Owner's approval.

§ 3.3 Design Development Phase Services

§ 3.3.1 Based on the Owner's approval of the Schematic Design Documents, and on the Owner's authorization of any adjustments in the Project requirements and the budget for the Cost of the Work, the Architect shall prepare Design Development Documents for the Owner's approval. The Design Development Documents shall illustrate and describe the development of the approved Schematic Design Documents and shall consist of drawings and other

documents including plans, sections, elevations, typical construction details, and diagrammatic layouts of building systems to fix and describe the size and character of the Project as to architectural, structural, mechanical and electrical systems, and other appropriate elements. The Design Development Documents shall also include outline specifications that identify major materials and systems and establish, in general, their quality levels.

§ 3.3.2 The Architect shall update the estimate of the Cost of the Work prepared in accordance with Section 6.3.

§ 3.3.3 The Architect shall submit the Design Development Documents to the Owner, advise the Owner of any adjustments to the estimate of the Cost of the Work, and request the Owner's approval.

§ 3.4 Construction Documents Phase Services

§ 3.4.1 Based on the Owner's approval of the Design Development Documents, and on the Owner's authorization of any adjustments in the Project requirements and the budget for the Cost of the Work, the Architect shall prepare Construction Documents for the Owner's approval. The Construction Documents shall illustrate and describe the further development of the approved Design Development Documents and shall consist of Drawings and Specifications setting forth in detail the quality levels and performance criteria of materials and systems and other requirements for the construction of the Work. The Owner and Architect acknowledge that, in order to perform the Work, the Contractor will provide additional information, including Shop Drawings, Product Data, Samples and other similar submittals, which the Architect shall review in accordance with Section 3.6.4.

§ 3.4.2 The Architect shall incorporate the design requirements of governmental authorities having jurisdiction over the Project into the Construction Documents.

§ 3.4.3 During the development of the Construction Documents, the Architect shall assist the Owner in the development and preparation of (1) procurement information that describes the time, place, and conditions of bidding, including bidding or proposal forms; (2) the form of agreement between the Owner and Contractor; and (3) the Conditions of the Contract for Construction (General, Supplementary and other Conditions). The Architect shall also compile a project manual that includes the Conditions of the Contract for Construction and Specifications, and may include bidding requirements and sample forms.

§ 3.4.4 The Architect shall update the estimate for the Cost of the Work prepared in accordance with Section 6.3.

§ 3.4.5 The Architect shall submit the Construction Documents to the Owner, advise the Owner of any adjustments to the estimate of the Cost of the Work, take any action required under Section 6.5, and request the Owner's approval.

§ 3.5 Procurement Phase Services

§ 3.5.1 General

The Architect shall assist the Owner in establishing a list of prospective contractors. Following the Owner's approval of the Construction Documents, the Architect shall assist the Owner in (1) obtaining either competitive bids or negotiated proposals; (2) confirming responsiveness of bids or proposals; (3) determining the successful bid or proposal, if any; and, (4) awarding and preparing contracts for construction.

§ 3.5.2 Competitive Bidding

§ 3.5.2.1 Bidding Documents shall consist of bidding requirements and proposed Contract Documents.

§ 3.5.2.2 The Architect shall assist the Owner in bidding the Project by:

- .1 facilitating the distribution of Bidding Documents to prospective bidders;
- .2 organizing and conducting a pre-bid conference for prospective bidders;
- .3 preparing responses to questions from prospective bidders and providing clarifications and interpretations of the Bidding Documents to the prospective bidders in the form of addenda; and,
- .4 organizing and conducting the opening of the bids, and subsequently documenting and distributing the bidding results, as directed by the Owner.

§ 3.5.2.3 If the Bidding Documents permit substitutions, upon the Owner's written authorization, the Architect shall, as an Additional Service, consider requests for substitutions and prepare and distribute addenda identifying approved substitutions to all prospective bidders.

§ 3.5.3 Negotiated Proposals (Removed)

(Paragraphs Deleted)

§ 3.6 Construction Phase Services

§ 3.6.1 General

§ 3.6.1.1 The Architect shall provide administration of the Contract between the Owner and the Contractor as set forth below and in AIA Document A201™–2017, General Conditions of the Contract for Construction. If the Owner and Contractor modify AIA Document A201–2017, those modifications shall not affect the Architect's services under this Agreement unless the Owner and the Architect amend this Agreement.

§ 3.6.1.2 The Architect shall advise and consult with the Owner during the Construction Phase Services. The Architect shall have authority to act on behalf of the Owner only to the extent provided in this Agreement. The Architect shall not have control over, charge of, or responsibility for the construction means, methods, techniques, sequences or procedures, or for safety precautions and programs in connection with the Work, nor shall the Architect be responsible for the Contractor's failure to perform the Work in accordance with the requirements of the Contract Documents. The Architect shall be responsible for the Architect's negligent acts or omissions, but shall not have control over or charge of, and shall not be responsible for, acts or omissions of the Contractor or of any other persons or entities performing portions of the Work.

§ 3.6.1.3 Subject to Section 4.2 and except as provided in Section 3.6.6.5, the Architect's responsibility to provide Construction Phase Services commences with the award of the Contract for Construction and terminates on the date the Architect issues the final Certificate for Payment.

§ 3.6.2 Evaluations of the Work

§ 3.6.2.1 The Architect shall visit the site at intervals appropriate to the stage of construction, or as otherwise required in Section 4.2.3, to become generally familiar with the progress and quality of the portion of the Work completed, and to determine, in general, if the Work observed is being performed in a manner indicating that the Work, when fully completed, will be in accordance with the Contract Documents. However, the Architect shall not be required to make exhaustive or continuous on-site inspections to check the quality or quantity of the Work. On the basis of the site visits, the Architect shall keep the Owner reasonably informed about the progress and quality of the portion of the Work completed, and promptly report to the Owner (1) known deviations from the Contract Documents, (2) known deviations from the most recent construction schedule submitted by the Contractor, and (3) defects and deficiencies observed in the Work.

§ 3.6.2.2 The Architect has the authority to reject Work that does not conform to the Contract Documents. Whenever the Architect considers it necessary or advisable, the Architect shall have the authority to require inspection or testing of the Work in accordance with the provisions of the Contract Documents, whether or not the Work is fabricated, installed or completed. However, neither this authority of the Architect nor a decision made in good faith either to exercise or not to exercise such authority shall give rise to a duty or responsibility of the Architect to the Contractor, Subcontractors, suppliers, their agents or employees, or other persons or entities performing portions of the Work.

§ 3.6.2.3 The Architect shall interpret and decide matters concerning performance under, and requirements of, the Contract Documents on written request of either the Owner or Contractor. The Architect's response to such requests shall be made in writing within any time limits agreed upon or otherwise with reasonable promptness.

§ 3.6.2.4 Interpretations and decisions of the Architect shall be consistent with the intent of, and reasonably inferable from, the Contract Documents and shall be in writing or in the form of drawings. When making such interpretations and decisions, the Architect shall endeavor to secure faithful performance by both Owner and Contractor, shall not show partiality to either, and shall not be liable for results of interpretations or decisions rendered in good faith. The Architect's decisions on matters relating to aesthetic effect shall be final if consistent with the intent expressed in the Contract Documents.

§ 3.6.2.5 Unless the Owner and Contractor designate another person to serve as an Initial Decision Maker, as that term is defined in AIA Document A201–2017, the Architect shall render initial decisions on Claims between the Owner and Contractor as provided in the Contract Documents.

§ 3.6.3 Certificates for Payment to Contractor

§ 3.6.3.1 The Architect shall review and certify the amounts due the Contractor and shall issue certificates in such amounts. The Architect's certification for payment shall constitute a representation to the Owner, based on the Architect's evaluation of the Work as provided in Section 3.6.2 and on the data comprising the Contractor's Application for Payment, that, to the best of the Architect's knowledge, information and belief, the Work has progressed to the point indicated, the quality of the Work is in accordance with the Contract Documents, and that the Contractor is entitled to payment in the amount certified. The foregoing representations are subject to (1) an evaluation of the Work for conformance with the Contract Documents upon Substantial Completion, (2) results of subsequent tests and inspections, (3) correction of minor deviations from the Contract Documents prior to completion, and (4) specific qualifications expressed by the Architect.

§ 3.6.3.2 The issuance of a Certificate for Payment shall not be a representation that the Architect has (1) made exhaustive or continuous on-site inspections to check the quality or quantity of the Work, (2) reviewed construction means, methods, techniques, sequences or procedures, (3) reviewed copies of requisitions received from Subcontractors and suppliers and other data requested by the Owner to substantiate the Contractor's right to payment, or (4) ascertained how or for what purpose the Contractor has used money previously paid on account of the Contract Sum.

§ 3.6.3.3 The Architect shall maintain a record of the Applications and Certificates for Payment.

§ 3.6.4 Submittals

§ 3.6.4.1 The Architect shall review the Contractor's submittal schedule and shall not unreasonably delay or withhold approval of the schedule. The Architect's action in reviewing submittals shall be taken in accordance with the approved submittal schedule or, in the absence of an approved submittal schedule, with reasonable promptness while allowing sufficient time, in the Architect's professional judgment, to permit adequate review.

§ 3.6.4.2 The Architect shall review and approve, or take other appropriate action upon, the Contractor's submittals such as Shop Drawings, Product Data and Samples, but only for the limited purpose of checking for conformance with information given and the design concept expressed in the Contract Documents. Review of such submittals is not for the purpose of determining the accuracy and completeness of other information such as dimensions, quantities, and installation or performance of equipment or systems, which are the Contractor's responsibility. The Architect's review shall not constitute approval of safety precautions or construction means, methods, techniques, sequences or procedures. The Architect's approval of a specific item shall not indicate approval of an assembly of which the item is a component.

§ 3.6.4.3 If the Contract Documents specifically require the Contractor to provide professional design services or certifications by a design professional related to systems, materials, or equipment, the Architect shall specify the appropriate performance and design criteria that such services must satisfy. The Architect shall review and take appropriate action on Shop Drawings and other submittals related to the Work designed or certified by the Contractor's design professional, provided the submittals bear such professional's seal and signature when submitted to the Architect. The Architect's review shall be for the limited purpose of checking for conformance with information given and the design concept expressed in the Contract Documents. The Architect shall be entitled to rely upon, and shall not be responsible for, the adequacy and accuracy of the services, certifications, and approvals performed or provided by such design professionals.

§ 3.6.4.4 Subject to Section 4.2, the Architect shall review and respond to requests for information about the Contract Documents. The Architect shall set forth, in the Contract Documents, the requirements for requests for information. Requests for information shall include, at a minimum, a detailed written statement that indicates the specific Drawings or Specifications in need of clarification and the nature of the clarification requested. The Architect's response to such requests shall be made in writing within any time limits agreed upon, or otherwise with reasonable promptness. If appropriate, the Architect shall prepare and issue supplemental Drawings and Specifications in response to the requests for information.

§ 3.6.4.5 The Architect shall maintain a record of submittals and copies of submittals supplied by the Contractor in accordance with the requirements of the Contract Documents.

§ 3.6.5 Changes in the Work

§ 3.6.5.1 The Architect may order minor changes in the Work that are consistent with the intent of the Contract Documents and do not involve an adjustment in the Contract Sum or an extension of the Contract Time. Subject to Section 4.2, the Architect shall prepare Change Orders and Construction Change Directives for the Owner's approval and execution in accordance with the Contract Documents.

§ 3.6.5.2 The Architect shall maintain records relative to changes in the Work.

§ 3.6.6 Project Completion

§ 3.6.6.1 The Architect shall:

- .1 conduct inspections to determine the date or dates of Substantial Completion and the date of final completion;
- .2 issue Certificates of Substantial Completion;
- .3 forward to the Owner, for the Owner's review and records, written warranties and related documents required by the Contract Documents and received from the Contractor; and,
- .4 issue a final Certificate for Payment based upon a final inspection indicating that, to the best of the Architect's knowledge, information, and belief, the Work complies with the requirements of the Contract Documents.

§ 3.6.6.2 The Architect's inspections shall be conducted with the Owner to check conformance of the Work with the requirements of the Contract Documents and to verify the accuracy and completeness of the list submitted by the Contractor of Work to be completed or corrected.

§ 3.6.6.3 When Substantial Completion has been achieved, the Architect shall inform the Owner about the balance of the Contract Sum remaining to be paid the Contractor, including the amount to be retained from the Contract Sum, if any, for final completion or correction of the Work.

§ 3.6.6.4 The Architect shall forward to the Owner the following information received from the Contractor: (1) consent of surety or sureties, if any, to reduction in or partial release of retainage or the making of final payment; (2) affidavits, receipts, releases and waivers of liens, or bonds indemnifying the Owner against liens; and (3) any other documentation required of the Contractor under the Contract Documents.

§ 3.6.6.5 Upon request of the Owner, and prior to the expiration of one year from the date of Substantial Completion, the Architect shall, without additional compensation, conduct a meeting with the Owner to review the facility operations and performance.

(Describe in detail the Architect's Supplemental Services identified in Section 4.1.1 or, if set forth in an exhibit, identify the exhibit. The AIA publishes a number of Standard Form of Architect's Services documents that can be included as an exhibit to describe the Architect's Supplemental Services.)

Supplemental Services as noted in 4.1.1.1 will be provided as part of the base contract.

§ 4.1.2.2 A description of each Supplemental Service identified in Section 4.1.1 as the Owner's responsibility is provided below.

(Describe in detail the Owner's Supplemental Services identified in Section 4.1.1 or, if set forth in an exhibit, identify the exhibit.)

See Exhibit A

§ 4.1.3 If the Owner identified a Sustainable Objective in Article 1, the Architect shall provide, as a Supplemental Service, the Sustainability Services required in AIA Document E204™-2017, Sustainable Projects Exhibit, attached to this Agreement. The Owner shall compensate the Architect as provided in Section 11.2.

§ 4.2 Architect's Additional Services

The Architect may provide Additional Services after execution of this Agreement without invalidating the Agreement. Except for services required due to the fault of the Architect, any Additional Services provided in accordance with this Section 4.2 shall entitle the Architect to compensation pursuant to Section 11.3 and an appropriate adjustment in the Architect's schedule.

§ 4.2.1 Upon recognizing the need to perform the following Additional Services, the Architect shall notify the Owner with reasonable promptness and explain the facts and circumstances giving rise to the need. The Architect shall not proceed to provide the following Additional Services until the Architect receives the Owner's written authorization:

- .1 Services necessitated by a change in the Initial Information, previous instructions or approvals given by the Owner, or a material change in the Project including size, quality, complexity, the Owner's schedule or budget for Cost of the Work, or procurement or delivery method;
- .2 Services necessitated by the enactment or revision of codes, laws, or regulations, including changing or editing previously prepared Instruments of Service;
- .3 Changing or editing previously prepared Instruments of Service necessitated by official interpretations of applicable codes, laws or regulations that are either (a) contrary to specific interpretations by the applicable authorities having jurisdiction made prior to the issuance of the building permit, or (b) contrary to requirements of the Instruments of Service when those Instruments of Service were prepared in accordance with the applicable standard of care;
- .4 Services necessitated by decisions of the Owner not rendered in a timely manner or any other failure of performance on the part of the Owner or the Owner's consultants or contractors;
- .5 Preparing digital models or other design documentation for transmission to the Owner's consultants and contractors, or to other Owner-authorized recipients;

(Paragraph Deleted)

- .8 Consultation concerning replacement of Work resulting from fire or other cause during construction; or,
- .9 Assistance to the Initial Decision Maker, if other than the Architect.
- .10 Providing Construction Administration Services beyond the stated date of completion resulting from delays caused by the Contractor

§ 4.2.2 To avoid delay in the Construction Phase, the Architect shall provide the following Additional Services, notify the Owner with reasonable promptness, and explain the facts and circumstances giving rise to the need. If, upon receipt of the Architect's notice, the Owner determines that all or parts of the services are not required, the Owner shall give prompt written notice to the Architect of the Owner's determination. Init.

Services. When the limits below are reached, the Architect shall notify the Owner:

- .1 Two (2) reviews of each Shop Drawing, Product Data item, sample and similar submittals of the Contractor
- .2 Monthly visits to the site by the Architect during construction
- .3 Two (2) inspections for any portion of the Work to determine whether such portion of the Work is substantially complete in accordance with the requirements of the Contract Documents
- .4 One (1) inspections for any portion of the Work to determine final completion.

§ 4.2.4 Except for services required under Section 3.6.6.5 and those services that do not exceed the limits set forth in Section 4.2.3, Construction Phase Services provided more than 60 days after (1) the date of Substantial Completion of the Work or (2) the initial date of Substantial Completion identified in the agreement between the Owner and Contractor, whichever is earlier, shall be compensated as Additional Services to the extent the Architect incurs additional cost in providing those Construction Phase Services.

§ 4.2.5 If the services covered by this Agreement have not been completed within twenty two (22) months of the date of this Agreement, through no fault of the Architect, extension of the Architect's services beyond that time shall be compensated as Additional Services.

ARTICLE 5 OWNER'S RESPONSIBILITIES

§ 5.1 Unless otherwise provided for under this Agreement, the Owner shall provide information in a timely manner regarding requirements for and limitations on the Project, including a written program, which shall set forth the Owner's objectives; schedule; constraints and criteria, including space requirements and relationships; flexibility; expandability; special equipment; systems; and site requirements.

§ 5.2 The Owner shall establish the Owner's budget for the Project, including (1) the budget for the Cost of the Work as defined in Section 6.1; (2) the Owner's other costs; and, (3) reasonable contingencies related to all of these costs. The Owner shall update the Owner's budget for the Project as necessary throughout the duration of the Project until final completion. If the Owner significantly increases or decreases the Owner's budget for the Cost of the Work, the Owner shall notify the Architect. The Owner and the Architect shall thereafter agree to a corresponding change in the Project's scope and quality.

§ 5.3 The Owner shall identify a representative authorized to act on the Owner's behalf with respect to the Project. The Owner shall render decisions and approve the Architect's submittals in a timely manner in order to avoid unreasonable delay in the orderly and sequential progress of the Architect's services.

§ 5.4 Deleted

§ 5.5 Deleted

§ 5.6 The Owner shall provide the Supplemental Services designated as the Owner's responsibility in Section 4.1.1.

§ 5.7 If the Owner identified a Sustainable Objective in Article 1, the Owner shall fulfill its responsibilities as required in AIA Document E204™-2017, Sustainable Projects Exhibit, attached to this Agreement.

§ 5.8 The Owner shall coordinate the services of its own consultants with those services provided by the Architect. Upon the Architect's request, the Owner shall furnish copies of the scope of services in the contracts between the Owner and the Owner's consultants. The Owner shall furnish the services of consultants other than those designated as the responsibility of the Architect in this Agreement, or authorize the Architect to furnish them as an Additional Service, when the Architect requests such services and demonstrates that they are reasonably required by the scope of the Project. The Owner shall require that its consultants and contractors maintain insurance, including professional liability insurance, as appropriate to the services or work provided.

§ 5.9 The Owner shall furnish tests, inspections and reports required by law or the Contract Documents, such as structural, mechanical, and chemical tests, tests for air and water pollution, and tests for hazardous materials.

§ 5.10 The Owner shall furnish all legal, insurance and accounting services, including auditing services, that may be reasonably necessary at any time for the Project to meet the Owner's needs and interests.

Init.

§ 5.11 The Owner shall provide prompt written notice to the Architect if the Owner becomes aware of any fault or defect in the Project, including errors, omissions or inconsistencies in the Architect's Instruments of Service.

§ 5.12 The Owner shall include the Architect in all communications with the Contractor that relate to or affect the Architect's services or professional responsibilities. The Owner shall promptly notify the Architect of the substance of any direct communications between the Owner and the Contractor otherwise relating to the Project. Communications by and with the Architect's consultants shall be through the Architect.

§ 5.13 Before executing the Contract for Construction, the Owner shall coordinate the Architect's duties and responsibilities set forth in the Contract for Construction with the Architect's services set forth in this Agreement. The Owner shall provide the Architect a copy of the executed agreement between the Owner and Contractor, including the General Conditions of the Contract for Construction.

§ 5.14 The Owner shall provide the Architect access to the Project site prior to commencement of the Work and shall obligate the Contractor to provide the Architect access to the Work wherever it is in preparation or progress.

§ 5.15 Within 15 days after receipt of a written request from the Architect, the Owner shall furnish the requested information as necessary and relevant for the Architect to evaluate, give notice of, or enforce lien rights.

ARTICLE 6 COST OF THE WORK

§ 6.1 For purposes of this Agreement, the Cost of the Work shall be the total cost to the Owner to construct all elements of the Project designed or specified by the Architect and shall include contractors' general conditions costs, overhead and profit. The Cost of the Work also includes the reasonable value of labor, materials, and equipment, donated to, or otherwise furnished by, the Owner. The Cost of the Work does not include the compensation of the Architect; the costs of the land, rights-of-way, financing, or contingencies for changes in the Work; or other costs that are the responsibility of the Owner.

§ 6.2 The Owner's budget for the Cost of the Work is provided in Initial Information, and shall be adjusted throughout the Project as required under Sections 5.2, 6.4 and 6.5. Evaluations of the Owner's budget for the Cost of the Work, and the preliminary estimate of the Cost of the Work and updated estimates of the Cost of the Work, prepared by the Architect, represent the Architect's judgment as a design professional. It is recognized, however, that neither the Architect nor the Owner has control over the cost of labor, materials, or equipment; the Contractor's methods of determining bid prices; or competitive bidding, market, or negotiating conditions. Accordingly, the Architect cannot and does not warrant or represent that bids or negotiated prices will not vary from the Owner's budget for the Cost of the Work, or from any estimate of the Cost of the Work, or evaluation, prepared or agreed to by the Architect.

§ 6.3 In preparing estimates of the Cost of Work, the Architect shall be permitted to include contingencies for design, bidding, and price escalation; to determine what materials, equipment, component systems, and types of construction are to be included in the Contract Documents; to recommend reasonable adjustments in the program and scope of the Project; and to include design alternates as may be necessary to adjust the estimated Cost of the Work to meet the Owner's budget. The Architect's estimate of the Cost of the Work shall be based on current area, volume or similar conceptual estimating techniques. If the Owner requires a detailed estimate of the Cost of the Work, the Architect shall provide such an estimate, if identified as the Architect's responsibility in Section 4.1.1, as a Supplemental Service.

§ 6.4 If, through no fault of the Architect, the Procurement Phase has not commenced within 90 days after the Architect submits the Construction Documents to the Owner, the Owner's budget for the Cost of the Work shall be adjusted to reflect changes in the general level of prices in the applicable construction market.

§ 6.5 If at any time the Architect's estimate of the Cost of the Work exceeds the Owner's budget for the Cost of the Work, the Architect shall make appropriate recommendations to the Owner to adjust the Project's size, quality, or budget for the Cost of the Work, and the Owner shall cooperate with the Architect in making such adjustments.

§ 6.6 If the Owner's budget for the Cost of the Work at the conclusion of the Construction Documents Phase Services is exceeded by the lowest bona fide bid or negotiated proposal, the Owner shall

- .1 give written approval of an increase in the budget for the Cost of the Work;
- .2 authorize rebidding or renegotiating of the Project within a reasonable time;
- .3 terminate in accordance with Section 9.5;
- .4 in consultation with the Architect, revise the Project program, scope, or quality as required to reduce the Cost of the Work; or,
- .5 implement any other mutually acceptable alternative.

§ 6.7 If the Owner chooses to proceed under Section 6.6.4, the Architect shall modify the Construction Documents as necessary to comply with the Owner's budget for the Cost of the Work at the conclusion of the Construction Documents Phase Services, or the budget as adjusted under Section 6.6.1. If the Owner requires the Architect to modify the Construction Documents because the lowest bona fide bid or negotiated proposal exceeds the Owner's budget for the Cost of the Work due to market conditions the Architect could not reasonably anticipate, the Owner shall compensate the Architect for the modifications as an Additional Service pursuant to Section 11.3; otherwise the Architect's services for modifying the Construction Documents shall be without additional compensation. In any event, the Architect's modification of the Construction Documents shall be the limit of the Architect's responsibility under this Article 6.

§ 6.8 If the Architect notifies the Owner in writing that the Opinion of Probable Cost exceeds the Owners stated budget and the Owner directs the Architect to proceed with bidding; the Architect shall be compensated at the stated percentage of construction cost of the total bid amount, including add alternates and will be compensated hourly to revise the drawings to bring the project within budgeted funds.

ARTICLE 7 COPYRIGHTS AND LICENSES

§ 7.1 The Architect and the Owner warrant that in transmitting Instruments of Service, or any other information, the transmitting party is the copyright owner of such information or has permission from the copyright owner to transmit such information for its use on the Project.

§ 7.2 The Architect and the Architect's consultants shall be deemed the authors and owners of their respective Instruments of Service, including the Drawings and Specifications, and shall retain all common law, statutory and other reserved rights, including copyrights. Submission or distribution of Instruments of Service to meet official regulatory requirements or for similar purposes in connection with the Project is not to be construed as publication in derogation of the reserved rights of the Architect and the Architect's consultants.

§ 7.3 The Architect grants to the Owner a nonexclusive license to use the Architect's Instruments of Service solely and exclusively for purposes of constructing, using, maintaining, altering and adding to the Project, provided that the Owner substantially performs its obligations under this Agreement, including prompt payment of all sums due pursuant to Article 9 and Article 11. The Architect shall obtain similar nonexclusive licenses from the Architect's consultants consistent with this Agreement. The license granted under this section permits the Owner to authorize the Contractor, Subcontractors, Sub-subcontractors, and suppliers, as well as the Owner's consultants and separate contractors, to reproduce applicable portions of the Instruments of Service, subject to any protocols established pursuant to Section 1.3, solely and exclusively for use in performing services or construction for the Project. If the Architect rightfully terminates this Agreement for cause as provided in Section 9.4, the license granted in this Section 7.3 shall terminate.

§ 7.3.1 In the event the Owner uses the Instruments of Service without retaining the authors of the Instruments of Service, the Owner releases the Architect and Architect's consultant(s) from all claims and causes of action arising from such uses. The Owner, to the extent permitted by law, further agrees to indemnify and hold harmless the Architect and its consultants from all costs and expenses, including the cost of defense, related to claims and causes of action asserted by any third person or entity to the extent such costs and expenses arise from the Owner's use of the Instruments of Service under this Section 7.3.1. The terms of this Section 7.3.1 shall not apply if the Owner rightfully terminates this Agreement for cause under Section 9.4.

§ 7.4 Except for the licenses granted in this Article 7, no other license or right shall be deemed granted or implied under this Agreement. The Owner shall not assign, delegate, sublicense, pledge or otherwise transfer any license granted herein to another party without the prior written agreement of the Architect. Any unauthorized use of the Instruments of Service shall be at the Owner's sole risk and without liability to the Architect and the Architect's consultants.

§ 7.5 Except as otherwise stated in Section 7.3, the provisions of this Article 7 shall survive the termination of this Agreement.

ARTICLE 8 CLAIMS AND DISPUTES

§ 8.1 General

§ 8.1.1 The Owner and Architect shall commence all claims and causes of action against the other and arising out of or related to this Agreement, whether in contract, tort, or otherwise, in accordance with the requirements of the binding dispute resolution method selected in this Agreement and within the period specified by applicable law, but in any case not more than 10 years after the date of Substantial Completion of the Work. The Owner and Architect waive all claims and causes of action not commenced in accordance with this Section 8.1.1.

§ 8.1.2 To the extent damages are covered by property insurance, the Owner and Architect waive all rights against each other and against the contractors, consultants, agents, and employees of the other for damages, except such rights as they may have to the proceeds of such insurance as set forth in AIA Document A201-2017, General Conditions of the Contract for Construction. The Owner or the Architect, as appropriate, shall require of the contractors, consultants, agents, and employees of any of them, similar waivers in favor of the other parties enumerated herein.

§ 8.1.3 The Architect and Owner waive consequential damages for claims, disputes, or other matters in question, arising out of or relating to this Agreement. This mutual waiver is applicable, without limitation, to all consequential damages due to either party's termination of this Agreement, except as specifically provided in Section 9.7.

§ 8.2 Mediation

§ 8.2.1 Any claim, dispute or other matter in question arising out of or related to this Agreement shall be subject to mediation as a condition precedent to binding dispute resolution. If such matter relates to or is the subject of a lien arising out of the Architect's services, the Architect may proceed in accordance with applicable law to comply with the lien notice or filing deadlines prior to resolution of the matter by mediation or by binding dispute resolution.

§ 8.2.2 The Owner and Architect shall endeavor to resolve claims, disputes and other matters in question between them by mediation, which, unless the parties mutually agree otherwise, shall be administered by the American Arbitration Association in accordance with its Construction Industry Mediation Procedures in effect on the date of this Agreement. A request for mediation shall be made in writing, delivered to the other party to this Agreement, and filed with the person or entity administering the mediation. The request may be made concurrently with the filing of a complaint or other appropriate demand for binding dispute resolution but, in such event, mediation shall proceed in advance of binding dispute resolution proceedings, which shall be stayed pending mediation for a period of 60 days from the date of filing, unless stayed for a longer period by agreement of the parties or court order. If an arbitration proceeding is stayed pursuant to this section, the parties may nonetheless proceed to the selection of the arbitrator(s) and agree upon a schedule for later proceedings.

§ 8.2.3 The parties shall share the mediator's fee and any filing fees equally. The mediation shall be held in the place where the Project is located, unless another location is mutually agreed upon. Agreements reached in mediation shall be enforceable as settlement agreements in any court having jurisdiction thereof.

§ 8.2.4 If the parties do not resolve a dispute through mediation pursuant to this Section 8.2, the method of binding dispute resolution shall be the following:

(Check the appropriate box.)

☐ Arbitration pursuant to Section 8.3 of this Agreement

☒ Litigation in a court of competent jurisdiction in McCracken County, Kentucky.

☐ Other: *(Specify)*

If the Owner and Architect do not select a method of binding dispute resolution, or do not subsequently agree in writing to a binding dispute resolution method other than litigation, the dispute will be resolved in a court of competent jurisdiction.

§ 8.3 Arbitration (Removed)

(Paragraphs Deleted)

ARTICLE 9 TERMINATION OR SUSPENSION

§ 9.1 If the Owner fails to make payments to the Architect in accordance with this Agreement, such failure shall be considered substantial nonperformance and cause for termination or, at the Architect's option, cause for suspension of performance of services under this Agreement. If the Architect elects to suspend services, the Architect shall give seven days' written notice to the Owner before suspending services. In the event of a suspension of services, the Architect shall have no liability to the Owner for delay or damage caused the Owner because of such suspension of services. Before resuming services, the Owner shall pay the Architect all sums due prior to suspension and any expenses incurred in the interruption and resumption of the Architect's services. The Architect's fees for the remaining services and the time schedules shall be equitably adjusted.

§ 9.2 If the Owner suspends the Project, the Architect shall be compensated for services performed prior to notice of such suspension. When the Project is resumed, the Architect shall be compensated for expenses incurred in the interruption and resumption of the Architect's services. The Architect's fees for the remaining services and the time schedules shall be equitably adjusted.

§ 9.3 If the Owner suspends the Project for more than 90 cumulative days for reasons other than the fault of the Architect, the Architect may terminate this Agreement by giving not less than seven days' written notice.

§ 9.4 Either party may terminate this Agreement upon not less than seven days' written notice should the other party fail substantially to perform in accordance with the terms of this Agreement through no fault of the party initiating the termination.

§ 9.5 The Owner may terminate this Agreement upon not less than seven days' written notice to the Architect for the Owner's convenience and without cause.

§ 9.6 If the Owner terminates this Agreement for its convenience pursuant to Section 9.5, or the Architect terminates this Agreement pursuant to Section 9.3, the Owner shall compensate the Architect for services performed prior to termination, Reimbursable Expenses incurred, and costs attributable to termination, including the costs attributable to the Architect's termination of consultant agreements.

§ 9.7 (Removed)

(Paragraphs Deleted)

§ 9.8 Except as otherwise expressly provided herein, this Agreement shall terminate one year from the date of Substantial Completion.

§ 9.9 The Owner's rights to use the Architect's Instruments of Service in the event of a termination of this Agreement are set forth in Article 7 and Section 9.7.

ARTICLE 10 MISCELLANEOUS PROVISIONS

§ 10.1 This Agreement shall be governed by the law of the place where the Project is located, excluding that jurisdiction's choice of law rules. If the parties have selected arbitration as the method of binding dispute resolution, the Federal Arbitration Act shall govern Section 8.3.

§ 10.2 Terms in this Agreement shall have the same meaning as those in AIA Document A201-2017, General Conditions of the Contract for Construction.

§ 10.3 The Owner and Architect, respectively, bind themselves, their agents, successors, assigns, and legal representatives to this Agreement. Neither the Owner nor the Architect shall assign this Agreement without the written consent of the other, except that the Owner may assign this Agreement to a lender providing financing for the Project if the lender agrees to assume the Owner's rights and obligations under this Agreement, including any payments due to the Architect by the Owner prior to the assignment.

§ 10.4 If the Owner requests the Architect to execute certificates, the proposed language of such certificates shall be submitted to the Architect for review at least 14 days prior to the requested dates of execution. If the Owner requests the Architect to execute consents reasonably required to facilitate assignment to a lender, the Architect shall execute all such consents that are consistent with this Agreement, provided the proposed consent is submitted to the Architect for review at least 14 days prior to execution. The Architect shall not be required to execute certificates or consents that would require knowledge, services, or responsibilities beyond the scope of this Agreement.

§ 10.5 Nothing contained in this Agreement shall create a contractual relationship with, or a cause of action in favor of, a third party against either the Owner or Architect.

§ 10.6 Unless otherwise required in this Agreement, the Architect shall have no responsibility for the discovery, presence, handling, removal or disposal of, or exposure of persons to, hazardous materials or toxic substances in any form at the Project site.

§ 10.7 The Architect shall have the right to include photographic or artistic representations of the design of the Project among the Architect's promotional and professional materials. The Architect shall be given reasonable access to the completed Project to make such representations. However, the Architect's materials shall not include the Owner's confidential or proprietary information if the Owner has previously advised the Architect in writing of the specific information considered by the Owner to be confidential or proprietary. The Owner shall provide professional credit for the Architect in the Owner's promotional materials for the Project. This Section 10.7 shall survive the termination of this Agreement unless the Owner terminates this Agreement for cause pursuant to Section 9.4.

§ 10.8 If the Architect or Owner receives information specifically designated as "confidential" or "business proprietary," the receiving party shall keep such information strictly confidential and shall not disclose it to any other person except as set forth in Section 10.8.1. This Section 10.8 shall survive the termination of this Agreement.

§ 10.8.1 The receiving party may disclose "confidential" or "business proprietary" information after 7 days' notice to the other party, when required by law, arbitrator's order, or court order, including a subpoena or other form of compulsory legal process issued by a court or governmental entity, or to the extent such information is reasonably necessary for the receiving party to defend itself in any dispute. The receiving party may also disclose such information to its employees, consultants, or contractors in order to perform services or work solely and exclusively for the Project, provided those employees, consultants and contractors are subject to the restrictions on the disclosure and use of such information as set forth in this Section 10.8.

§ 10.9 The invalidity of any provision of the Agreement shall not invalidate the Agreement or its remaining provisions. If it is determined that any provision of the Agreement violates any law, or is otherwise invalid or unenforceable, then that provision shall be revised to the extent necessary to make that provision legal and enforceable. In such case the Agreement shall be construed, to the fullest extent permitted by law, to give effect to the parties' intentions and purposes in executing the Agreement.

§ 11.6.1 When compensation is on a percentage basis and any portions of the Project are deleted or otherwise not constructed, compensation for those portions of the Project shall be payable to the extent services are performed on those portions. Project Approach

Lose Design is pleased to present our qualifications for the design and development of a new Indoor Aquatic & Recreation Facility for Paducah, KY. With a strong history of designing successful aquatics & recreation centers, we have established a high standard for competition and family facilities in their respective communities. The programs and building amenities are designed to cater to the needs of the communities they serve. They have generated overwhelming praise for the design and dedication to providing quality recreation for their patrons.

Phase 1. Predesign Services (programming, concept development, site evaluations & operations and management analysis)

Kickoff Meeting & Programming Session

Upon award of the design contract for Paducah's new Indoor Aquatic & Recreation Facility, Lose Design will schedule a kickoff meeting with the facilities staff, City representatives and project team, and our design team to ascertain the priority of programming necessities and desires. During this kick-off meeting we will identify any appropriate Community or Citizen interest groups to talk about how they view this facility providing for the present and future needs of the community and schedule the community involvement process. Our proven methodology begins with client discussions and education regarding the project goals and parameters. Our team takes a holistic approach to design. We feel it is important to review the comprehensive goals and objectives of our client's program before developing a conceptual design for a new facility.

Operation and Management Assessment

During the initial programming phase, Sports Facilities Advisory (SFA) team member will be tasked with generating a proforma for the facility. SFA utilizes existing data, market research, and information gathered via meetings and calls with the City to produce a 5-year cash flow forecast. SFA's pro formas are detailed, institutional-grade financial forecasts, used to support decision-making and financing. The pro forma will provide the City with a detailed understanding of the financial reality of this potential project. The pro forma will provide insight into the financial potential of the project and will include projections related to construction and start-up costs, revenues/expenses by product/program, facility utilization, and more. The financial forecast will also address the wide range of key performance indicators and contributing factors that influence operations and the overall financial performance of the facility.

Understanding that the City is looking for this analysis to include operational details for the venue, the pro forma will have a detailed breakdown of the required organizational structure and salaries required to operate the venue (operating financial model).

Once this data has been gathered, SFA will produce a summary report for your project. The summary report will include an overview of the pro forma, as well as sports and recreation participation trends. This also includes a list of potential innovative events and activities inclusive of local programming, niche sports markets, and regional events.

Site Assessments & Concept Development

Site evaluations for the four proposed sites will progress simultaneously with the building programming and pro forma development. It will be critical to review the potential project sites for physical and financial opportunities and constraints, while also addressing relevant site/user issues of each site to determine the best site solution. This will help minimize costs in the preparation of the site for the new facility.

Once a site has been selected, a preliminary program will be developed. This program will serve as the project's design guide. Using the program data, Lose will then develop a cohesive building model that includes the intended design elements and provides a skilled design solution.

In conjunction with the initial plans, Lose will produce a preliminary Opinion of Probable Cost (OPC), utilizing data from the pro forma and our team's knowledge of current construction costs. The Lose team will work in conjunction with the city's representatives throughout all phases of the design and make professional recommendations along the way, with the intention of fulfilling the program requirements and maintaining the established budget. We will hold regular and frequent scheduled meetings with both the City Project Team and the Board of Commissioners to keep them apprised of the project status. In these meetings, we will discuss items such as: the design progression as they arise, clarify requirements, generate FFE lists, review cost estimates, and confirm that the design complies with all applicable codes and disciplines. Best building practices, energy efficient solutions, and environmentally sustainable measures will be incorporated into the project's design.

Phase 2. Topographic Survey and Geotechnical Testing

Once the site selection process has identified the preferred site for the new center, a topographic survey will be prepared along with a geotechnical report for the site. These documents will be used to guide the design team as it moves into the development of construction documents.

Phase 3. Construction Documents (schematic design, design development and construction documents)

The Schematic Design phase will fine tune the conceptual plans and serve as the basis for implementing design decisions. Preliminary materials, finishes, activities and equipment are reviewed and selected. The facilities plans, sections, utility requirements, code review and budget conformance review are developed during this phase. As with each phase in the design process, regular and frequent scheduled review meetings will be provided with the entire projects team.

On the design team assembled for this project is one of the country's most reputable aquatic consultants, Water Technology, Inc. (WTI). WTI's planning and design approach is a proven, successful methodology for the development of public water-based recreational facilities. WTI was established in 1983 and is an experienced specialty consultant in aquatics.

Our consultants will participate in every step of the project, from design through the warranty period, to add their expertise as to differing alternatives, industry standards, costs, and current facility trends. With our team's previous and ongoing experience, we are especially well suited to address issues specific to aquatics & recreation facilities.

During the Design Development and Construction Document phases, Lose will continue to refine the building design to offer the best possible solution for the Paducah facilities. Intended project materials, finishes, activities and equipment are finalized. The facilities plans, sections, utility requirements, code review, project detailing, coordination verification and clash detection are further refined during this phase to aid in streamlining the construction process.

Lose will update the OPC as the design matures and will ensure that the project remains within the established budget. In the event of programmatic expansion or modifications that effect project budget, alternative solutions will be proposed through the value engineering (VE) process to adjust parameters that will aim to bring the project back within the funding range.

With a consensus from the Paducah contingent, construction documents will be finalized. Lose Design will coordinate submission of the Construction Documents package to the appropriate state and local permitting officials for review and approval.

Phase 4. Bidding and Construction Administration

Bidding

Upon approval of the documents, the project will be released for the competitive bid process. During this bidding phase, the Lose team will answer and questions from prospective bidders, issue addenda, manage the opening and review of all bids, and make a recommendation to the user agency for award to the successful and appropriate bidder.

Construction Administration

Following the successful bidder's contract negotiations, Lose Design will schedule a construction kick off meeting to review project parameters, point of contact and communication process, project submittal review process, schedule, and quality control expectations. A Notice to Proceed will be issued to the successful bidder at this meeting. During construction, our team will observe the work for any deficiencies. We will communicate the results of our site observations and any impacts to the schedule in a timely manner. Our qualifications are matched by our commitment to produce an outstanding project for our clients.

Additionally, regular Owner Architect Contractor (OAC) meetings will be scheduled on site with all parties. These meetings will review job progress, discuss any changes to the work and review Contractor's pay requests. Outside of these meetings, the Lose team will review product submittals, respond to Contractor questions on the work, and recommend solutions and alternatives for the best resolution of issues.

Upon notification from the Contractor that construction has reached substantial completion, Lose will schedule a Substantial Completion Inspection. A physical inspection will be performed and a comprehensive list of incomplete or deficient items will be generated and issued to the Contractor for the correction prior to the final inspection and payment. Lose Design will administer customary Project Close Out procedures to aid in a smooth transition of ownership from the GC to the city for end use.

Lose Design will remain available during the one-year warranty period to address issues and problems as they arise, provide recommendations for their correction, and verify that corrective measures have been implemented by the GC to the satisfaction of the city and its representatives.

Short Title: Rezoning of 5802 Commerce Drive - **T TRACY**

Category: Ordinance

Staff Work By: Josh Sommer

Presentation By: Tammara Tracy

Background Information: The Industrial Development Authority wishes to rezone 16.38 acres on the western edge of Commerce Park from R-1 Low Density Residential Zone to M-1 Light Industrial Zone. The initial development would be a water tower that is proposed to contain 1,000,000 gallons of water and stand 170-180 feet tall. The purpose of the water tower is to enhance water pressure in the Cairo Road pressure zone.

The proposed M-1 Zone is in compliance with the City of Paducah Comprehensive Plan. The Paducah Planning Commission met on June 15, 2020 and forwarded a positive recommendation to the Board of Commissioners to rezone the property.

Paducah City Commission

Meeting Date: July 14, 2020

Short Title: Approve the Transfer of Municipally Owned Properties Located throughout Paducah to the Joint Sewer Agency - **J HODGES**

Category: Ordinance

Staff Work By: James Arndt

Presentation By:

Background Information: JSA was formed by identical ordinances passed by the City and County in 1999. That ordinance specified that all sanitary sewer facilities were merged into the Agency and under Agency jurisdiction and control. The ordinance further specified that the City and County were to follow up this merger and transfer any real property related to the sanitary facilities by deed to JSA. The County property was successfully transferred by deed, but for some reason the City property transfer was started but not completed. While this has not been an issue related to any funding agency or other entity, JSA is desirous to complete this issue. JSA has developed survey plats and worked with the City Engineer to establish new property lines, if ones were required. The property included in this deed is the Paducah Wastewater Treatment (parcel I), the pump station located at 420 North 3rd Street (parcel II), the pump station located at 2580 Cairo Road (parcel III), the pump station located at 600 Northview Street (parcel IV), an inactive pump station located along Olivet Church Road (parcel V), the site of the former Sanitation District One treatment plant in Lone Oak (parcel VI), and the pump station located at 1201-1207 South 4th Street (parcel VII).
